14 November 1985

R. Raymond Green, M.D.  
45 So Main  
Heber City, Utah 84032

Dear Dr. Green:

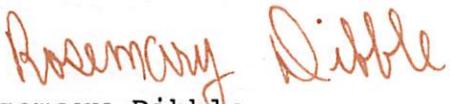

Attached is a cumulative listing of all cancer patients seen by you, presently registered with the Utah Cancer Registry. This listing is sent semi-annually to all physicians in the state.

The physician patient listing was compiled from abstracts submitted by the Tumor Registrar at the hospital where the patient was treated and/or from pathology reports from the laboratory where the patient's tissue was submitted.

Because most cases are not abstracted or submitted to the Utah Cancer Registry for 4 to 6 months after diagnosis, the listing will not include many 1985 cases, but should be complete for patients diagnosed before January 1, 1985.

If you have comments or corrections, please return this list with changes, or call me personally at the Utah Cancer Registry (581-8407).

Sincerely,

Rosemary Dibble  
Manager of Operations
